

SRGF RACKETLON 2027

Official Tournament Rules & Competition Handbook

1. Tournament Overview

SRGF Racketlon 2027 is a four-team multi-racket sports team competition. Each team competes across **Racketlon** and **four individual sports: Badminton, Table Tennis, Lawn Tennis and Pickleball**. All matches are **SINGLES** only.

- **Number of teams:** 4-6
- **Number of players per team:** 12 [10+2 ie, 2 backup players]
- **Each team will have a Captain and Vice-captain** [auction will be first done for Captain & VC planned for Nov 1st week]
- **10 matches in a TIE [Team A vs Team B] -**
 - 2 Racketlon - Tier 1 & Tier 2
 - 2 Badminton
 - 2 Table Tennis
 - 2 Lawn Tennis
 - 2 Pickleball
- **Tier 1 Racketlon** is contested by the four Captains or any players within their team
- **Tier 2 Racketlon** consists of one player nominated by each Captain; the four nominated players compete for the Intermediate Racketlon title.
- **The remaining players form the Common Pool and compete in the individual sports as allocated through the auction/team-formation process.**
- The Overall Team Trophy is based on the combined performance of the entire team across the designated Racketlon and individual-sport events.
- The number of matches in a TIE may change and it will be determined by the number of registrations.

2. Tournament Categories

Category	Participants	Purpose
Tier 1 Racketlon	4 Captains/ Players	Players compete head-to-head in the full Racketlon format.
Tier 2 Racketlon	1 nominated player per team	Four nominated players compete for the Intermediate Racketlon category.

Common Pool – Individual Sports	Players not assigned to Racketlon slots	Players are auctioned/allocated to teams for Badminton, Table Tennis, Lawn Tennis and Pickleball.
Overall Team Trophy	Entire team	Combines the points earned by Racketlon and individual-sport participants.
Individual Sports level Trophy	Winner of each individual sports	Racketlon, Badminton, TT, LT & PB winner accumulating the highest points in entire tournament

3. Captain Eligibility

A candidate for Captain should satisfy the following eligibility requirements:

1. The candidate must be an owner or resident with valid NBH ID.
2. The candidate must have participated in at least one previous SRGF Racket Sports event.
3. The candidate must be familiar with the rules and gameplay of Badminton, Table Tennis, Pickleball and Lawn Tennis.
4. Previous experience of captaining or managing a team will be considered an advantage.
5. The Organising Committee may consider overall sporting experience, leadership, availability, conduct and suitability while finalising Captains.

4. Captain Nomination & Selection

4.1 Nomination Process

- A nomination/Registration form will be circulated and the form will be for the Open Category.
- Singles will be used as the game format for the nomination/assessment process.
- Players will indicate whether they prefer Racketlon or an Individual Sport.
- Each player will provide a self-rating for all 5 individual sports categories—Racketlon, Badminton, Table Tennis, Pickleball and Lawn Tennis.
- Self-rating is intended only to help the Organising Committee understand the player's level. It does not guarantee Captain selection or playing opportunities.

4.2 Selection when there are 4 or fewer nominations

- The Organising Committee will select the four Captains based on nominations, experience, suitability and overall balance.
- The Committee's decision will be final for the purpose of forming the four Captain positions.

4.3 Selection when there are more than 4 nominations

- The nominees should first attempt to reach a unanimous agreement and identify the final four Captains.
- If the four Captains cannot be mutually agreed upon, the nominees will compete in the Racketlon format.
- The top four performers from that competition will become the Captains.

5. Player Nomination Process

1. The player must be an owner or resident with valid NBH ID.
2. The Organising Committee will collect nominations from Open category players.
3. Players will register themselves for Racketlon or Individual Sport preference.
4. Players must provide a self-rating for Racketlon, Badminton, Table Tennis, Pickleball and Lawn Tennis.

6. Team Formation & Auction

6.1 Racketlon Players First

- Players who nominate themselves for Racketlon will go into the auction first.
- The Captains will bid for these players until the required Racketlon slots are filled.
- Racketlon slots must be filled before the remaining players move into the Common Pool. Currently it is planned for min 2 racketlon players per team.

6.2 Common Pool

- Once the required Racketlon slots are filled, unsold Racketlon nominees move into the Common Pool.
- Players who did not nominate themselves for Racketlon also enter the Common Pool.
- Common Pool players are subsequently auctioned/allocated to the four teams for the individual sports.

6.3 Shortage of Racketlon Players

- If there are insufficient Racketlon nominees to fill the required Racketlon slots, Captains will select the remaining Racketlon players from the Common Pool.

6.4 Player Rearrangement After Auction

- After the auction is completed, Captains may rearrange players within their team to satisfy player requirements and the final tournament composition.
- Once the final team list is submitted and approved, no strategic withdrawal or replacement is permitted.

7. Racketlon Competition Format

Each team will have a minimum of two Racketlon players:

- 1 Tier 1 Racketlon
- 1 Tier 2 Racketlon Player – nominated by the Captain

7.1 Tier 1 Racketlon

- The four players compete against one another.
- Each player represents their team in the Tier 1 Racketlon category.
- Each Racketlon sport is played to 21 points, as per official racketlon rules.
- The four sports are Badminton, Table Tennis, Pickleball and Lawn Tennis.
- Detailed sport-specific rules, serving rules, court dimensions, changeovers, deuce rules and match order should be announced separately before the tournament.

7.2 Tier 2 Racketlon

- Each Captain nominates one player from their team.
- The four nominated players compete in the Tier 2 Racketlon category.
- The Tier 2 Racketlon player is a team representative and contributes to both the Intermediate Racketlon category and the Overall Team Trophy.

8. Individual Sports

Players in the Common Pool will participate in the following individual sports:

- Badminton
- Table Tennis
- Lawn Tennis
- Pickleball

The exact number of players required for each individual sport will be announced after nominations close. Currently it is planned for 2 players per sport in a team.

The first player of each sport in a team represents the team's best player.

9. Player Participation Rule

Maximum participation rule

A player can play a maximum of ONE sport against each opposing team. This applies to Racketlon players too.

Example:

- A Team A player may play Badminton against Team B.
- The same Team A player may play Racketlon against Team C.
- The same Team A player may play Pickleball against Team D.
- However, that player cannot play both Badminton and Racketlon against Team B.

Therefore: Player + Opposing Team = Maximum 1 Sport.

10. Overall Team Trophy

The Overall Team Trophy is awarded based on the combined performance of the entire team. Points will be earned from Tier 1 Racketlon, Tier 2 Racketlon, Badminton, Table Tennis, Lawn Tennis and Pickleball.

- Tier 1 Racketlon results contribute to the Overall Team Trophy.
- Tier 2 Racketlon results contribute to the Overall Team Trophy.
- Individual-sport results contribute to the Overall Team Trophy.
- Racketlon results therefore contribute to both the relevant Racketlon category and the Overall Team Trophy.

11. Trophies & Awards

1. Best Player – Tier 1 Racketlon
2. Best Player – Tier 2 Racketlon
3. Best Badminton Player – Common Pool
4. Best Table Tennis Player – Common Pool
5. Best Lawn Tennis Player – Common Pool
6. Best Pickleball Player – Common Pool
7. Overall Team Trophy for Winner and Runner-up **[Rolling Trophy]**
8. Individual level trophy for Winner and Runner-up Team

12. Injury & Replacement Rules

Racketlon is a combined competition involving multiple sports. Therefore, a Racketlon player's position cannot simply be transferred to another player during the competition.

- Each team roster will contain two surplus players. Captains are required to provide the Organising Committee with a list of one to two players, who will then be assigned to teams facing a player shortage.
- If a player is not available or injured before the start of the tournament, the team captain has to manage with their extra 2 players.
- Each team has 12 players: 10 core plus 2 surplus. Captains must share their 1-2 surplus players with the Organising Committee, who reassign them to teams short on players. A team can absorb up to 2 dropouts using its own surplus. If a team loses more than 2 players (e.g., Team A has 3 back out), it must borrow the additional players from the replacement list shared by other teams.

13. Match & Player Eligibility Rules

- Only players included in the final approved team list may participate.
- A player may participate only in the sports and matches assigned under the final team composition.
- Players must report to the venue/court at the time communicated by the Organising Committee.
- A player who is unavailable for a scheduled match should notify the Captain and Organising Committee as early as possible.

- Captains are responsible for ensuring their players understand their schedules and reporting times.
- Any deliberate attempt to bypass player allocation, participation limits or Racketlon eligibility rules may result in the match/result being forfeited.

14. Conduct & Sportsmanship

- All players are expected to demonstrate fair play, respect and sportsmanship.
- Abusive language, deliberate distraction, intimidation, equipment abuse or disrespect towards officials/ will not be tolerated.
- Captains are responsible for maintaining discipline within their teams.
- The Organising Committee may issue warnings, deduct points, declare a match forfeited or take other appropriate action for serious misconduct.
- Decisions of match officials regarding on-court calls should be respected. Formal disputes should be raised through the designated dispute process.

15. Disputes & Organising Committee Authority

- Any dispute should first be raised by the relevant Captain with the match official/event coordinator.
- Players should not interrupt or delay other matches while raising a dispute.
- The Organising Committee will review disputes involving eligibility, player allocation, scoring or tournament rules.
- The Organising Committee's ruling will be final for tournament administration and interpretation of these rules.
- Any rule not expressly covered in this document will be decided by the Organising Committee in the interest of fairness and competitive balance.

16. Point System Rules

Points Per Win (Per Sport)

Each sport awards points to the winner based on the skill tier of the slot being played:

Tier	Points Per Win	
1	6 pts	
2	4 pts	
3	2 pts	
—	Doubles (extra participants, 60+ pool)	1 pt

Core Rule

...

Tier 1 = Tier 2 + Tier 3

6 = 4 + 2

...

This identity keeps the whole system balanced and is the foundation of the fairness proof below.

Team Composition

Captains label 3 players by their true skill: [It is possible that we won't have a Tier 3 tier as per team composition.]

- **A** = Tier 1

- **I** = Tier 2

- **B** = Tier 3

Assumptions used for evaluating strategies:

- Matched-skill slots (same tier vs. same tier) are genuine 50/50 fights.
- Mismatched slots (1+ tier apart) are near-certain wins for the higher tier and near-certain losses for the lower tier.
- Total points pool = 12 pts (6 + 4 + 2).

Appendix A – One-Page Rule Summary for Players

- 4-6 teams will compete.
- 4 Players play Tier 1 Racketlon.
- Each Captain nominates 1 player for Tier 2 Racketlon.
- Racketlon players are auctioned first.
- Remaining players form the Common Pool.
- Common Pool players are allocated to Badminton, Table Tennis, Lawn Tennis and Pickleball.

- A player can play a maximum of one sport against each opposing team.
- Racketlon results count toward both the relevant Racketlon category and the Overall Team Trophy.
- All players must follow fair-play and sportsmanship standards.
- Organising Committee decisions are final for tournament administration.
